Introduction

We want everyone involved in sport at Cardiff Met Sport to feel inspired to say, “I’m an Archer”. We are committed to keeping everyone accessing our programmes safe and this framework sets out how we aim to do this.

Strategic Objectives:

Places - We will develop and invest in our facility infrastructure to create safe and accessible spaces that inspire movement and performance.

Scope:

We have a very unique sporting system at Cardiff Met. Sport and physical activity are delivered through a number of contributors, namely Cardiff Met Sport, The School of Sport & Health Sciences (CSSHS) and the Student’s Union (SU). In this framework, we are referring to the work of Cardiff Met Sport to drive safeguarding across our programmes. Safeguarding

This framework is intended to inform and guide our workforce, students, players, parents, volunteers and stakeholders of all the steps we are taking to embed a culture of safeguarding across Cardiff Met Sport. These commitments are designed to support our strategic ambition to focus on excellence across our sporting system. Safeguarding is a range of actions aimed at upholding our human right to be safe and free from abuse.

This document outlines the work currently being undertaken, as well as our future actions and ambitions. This strategy sits as our strategic plan for safeguarding and will be supported in detail by our day-to-day operational plans.
