

Additional cost of Postgraduate study in CSAD

Materials

You will receive access to materials used as part of any timetabled workshop inductions. You will also have access to and use of recycled materials within workshop areas where available. In general, you will need to purchase materials for individual projects used in studio and workshops as appropriate. Please note that costs will vary depending upon the scale and individual requirements of your work. In addition, one-off purchases of personal tools and equipment will need to be budgeted for. Other costs such as printing, the purchase of textbooks; and cost of placements will also need to be accounted for by you.

Trips and visits

Study Trips may be organized during the year and students will be asked to share the costs. The costs of study abroad, including exchanges, placements and projects are the responsibility of the individual student.

Cardiff FabLab

Access to Cardiff FabLab is optional and is subject to charges for equipment use and materials

Programme	Master of Fine Art (MFA)
Additional Costs	One-off purchase of personal tools and equipment (particularly any personal equipment appropriate to your own field of practice or enquiry). Other costs such as printing, the purchase of textbooks; and cost of placements will also need to be accounted for. In particular you are expected to possess a laptop or similar device, and a good quality digital camera for documenting work. Please ask your Programme Director for specific guidance when you accept our offer of a place.
Likely spend on materials	You will need to purchase materials for individual projects used in studio and workshops as appropriate. Please note that costs will vary depending upon the scale and individual requirements of your work. Typically we suggest that you budget £800 for your projects during the MFA Programme.
